Welcome at Pont

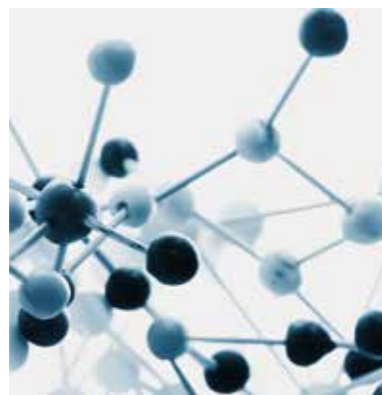

Pont is a pan-European supplier of glass and plastic containers and bottles with associated closures and accessories. Our sales offices and warehouses throughout Europe enable us to supply packaging into every European country and many other international markets. Substantial stocks of standard packaging ranges across Europe provide a reliable and flexible source of supply.

Pont focuses on packaging innovations and is renowned for creative and attractive designs that meet our customers' packaging requirements.

LIQUIDS & CREAMS

Pont has a specific range of products suitable for liquid and cream applications. The bottles and jars are available in a large variety of models and sizes. In addition to the traditional colours of white, amber and clear, you can also choose your desired colour. Our products are available in HDPE, PET or glass. With a large choice of screw, tamper evident or child resistant closures, you will find your complete packaging at Pont.

Dosing bottle 1-neck

Get the perfect accuracy with a patented dosing system.

Material:	Glass
Capacity:	15 - 1000 ml
Neck finish:	CT
Colour:	Clear, amber

Continuous quality is quality you trust

ACCESSORIES

Our accessories will complete your packaging.

The closures are available in different types such as tamper evident, child resistant and many more to always give optimal protection to your jars or bottles. In order to personalise your product, the closures can be made with your own embossing or printing.

Accurate dosing of your powders is secured with scoops whereas pipettes and droppers are ideal for dispensing liquids.

We can advise in any kind of accessories, so do not hesitate to contact us for any other request you have.

OWN DESIGN

FROM THE IDEA TO THE FINISHED PRODUCT ...

If you are looking for unique packaging or if you have not found the perfect solution in our range, please do not hesitate to contact our sales team. Thanks to our long experience in new packaging development, we would be pleased to help you with defining and designing the most suitable packaging for your product. We can also advise on labelling and sleeving for great presentation on the shelf.

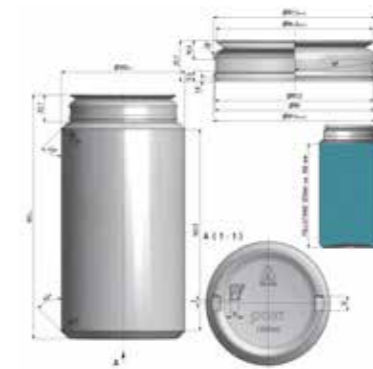

We would be happy to arrange an appointment to discuss the possibilities with you.

From an idea on paper to the unique packaging on the shelf ...

This brochure only contains a small part of the packaging range of Pont Europe.

On our website www.ponteuropa.com you can find more packaging in glass and plastic.

You can always contact one of our sales offices.
